Dear Authors,

Thank you for your interest in our journal. For your information, starting from Volume 5, Issue 2, December 2021, IRJE starts charging every accepted manuscript for proofreading, editing, and formatting. However, IRJE does not charge for publication. Proofreading, editing, and formatting are the most challenging parts as IRJE does not have any full time staff. Authors frequently do not follow the template and use "GOOGLE TRANSLATE" and IRJE is very strict with in-text- citation and references and IRJE will directly REJECT the paper that does not follow the APA style.

For example, for References:

Hamann, D., Lineburgh, N., & Paul, S. (1998). Teaching Effectiveness and Social Skill Development. *Journal of Research in Music Education*. (There is no Volume, Number, and pages)

Funmilayo, A. (2019). *Achievement: Frameworks for assessing music teaching*, 1–21. (No Journal name, no volume and number)

Danielsons, C. (2009). *Framework for teaching*. (No Publisher)

For those reasons, IRJE charges every accepted manuscript for proofreading, editing, and formatting. The amount is between RP2.000.000-RP2.500.000 and it depends on the conditions of the paper.

Publishing in IRJE is free of charge. However, we have found that more and more papers have ignored the standard of writing including the references, citations, writing mechanism, and formatting that make editors spend more time to deal with those issues which influence the quality of our journal. Since our journal is not funded, we will charge authors if they cannot revise the issues.

Please let us know if your paper is accepted, you are fully aware of the charge and we may go with the process of review. However, the reviewer process will be very strict.

Thank you very much for your understanding.
