ABSTRAK

Lingkungan keluarga bertanggung jawab pada terbentuknya early life experiences, di mana ini memiliki peran penting pada keseluruhan hidup individu. Early life experiences positif atau negatif, menurut Gilbert, dkk (2003), penting melakukan recall dan evaluasi terhadap ingatan mengenai early life experiences yang berorientasi pada aspek ketundukan (submission), ancaman (threat) dan tak bernilai (devaluation). Sejatinya, anak akan tumbuh dewasa dan mengalami penyesuaian terhadap pola dan harapan sosial baru, termasuk dalam berkarir, seperti menjadi wirausahawan di usia muda. Penelitian ini bertujuan untuk mengetahui bagaimana gambaran early life experiences pada wirausahawan muda di Klaten. Metode penelitian yang digunakan adalah kualitatif. Teknik pengumpulan subjek adalah purposive sampling, di mana subjek merupakan 3 wirausahawan muda di Klaten. Didapati hasil bahwa subjek yang merupakan wirausahawan muda memiliki early life experiences yang berkaitan dengan submission, threat dan devaluation, di mana penilaian subjek pada early life experiences tersebut ditujukan pada pengalaman keseluruhan, pada peran kedua orang tua dan pada salah satu orang tua. Selain itu, juga didapati adanya perbedaan dalam proses mengingat dan mengevaluasi ingatan early life experiences antara subjek laki-laki dan perempuan.
