

ABSTRACT

PT Gos Indoraya – BEN Indonesia is a company operating in the field of workforce management located in Wonorejo, Sariharjo, Ngaglik District, Sleman Regency, Yogyakarta Special Region 55581. Members can receive system information through an information system owned by PT Gos Indoraya – BEN Indonesia. However, the information system currently running only displays information about the company and the information system regarding learning called BENBELAJAR is not yet available in the information system currently running. The aim of this research is to design and implement a web-based online learning system. Given these problems, a system was designed and implemented which is expected to make it easier for companies to carry out BENBELAJAR activities by utilizing the database that has been tested in this report and can provide benefits to companies by implementing an information system that is ready to be used in BENBELAJAR activities.
