***Abstract***

*This research aims to determine the factors that influence employee work motivation at PT BPR Bank Surya Yudha Kencana Banjarnegara. The work motivation factors used in this research are work motivation factors according to Herzberg, namely recognition factors, job performance, responsibility, job characteristics, promotions, work administration policies, working conditions, interpersonal relationships, salary supervision, and job security. The sample in this study amounted to 62 respondents. The method used in collecting data was a questionnaire given to employees of PT BPR Bank Surya Yudha Kencana Banjarnegara. Data analysis in this research uses statistical methods, namely validity test, reliability test and arithmetic mean test. Based on the validity tests carried out, this research was declared valid. Based on the reliability tests carried out, this research was declared reliable. The results of the arithmetic mean test in this study obtained an average value for all factors, namely 3.11, which was included in the doubtful category, but there were several factors that received an average value which were included in the disagree category, namely job characteristics factor, promotion factor, and job security factor.*
