Dear Authors,

After we checked the Final Manuscript that you submitted to Edas, we found some things that need to be fixed.

Repair notes are written in the Attached File.

Therefore, we need your cooperation:

1. Edit and ensure the similarity rating is below 30
2. Adhere to the IEEE paper template (do not use copy-paste from other documents to IEEE paper as it will copy the text AND the Style)

For number 1, you can enroll similarity check:
Class ID: 33050326, Enrollment key: 12345678

For number 2, please carefully read the following URLs:
Submission guidelines: <https://www.ieee.org/content/dam/ieee-org/ieee/web/org/conferences/conference-template-a4.docx>

Please be able to revise and **send** the Revised file via this **email** in the form of **Raw** files (DOC., DOCX). The raw file can be submitted to icitri@nusamandiri.ac.id

The deadline to submit the revised final manuscript (**Raw File**) is **Thursday, 13 October 2022**.

Thanks for the quick response.

Best regards,
ICITRI 2022 Committee

4. Pemberitahuan Presentasi

Confirmation of Schedule for 2022 International Conference on Information Technology Research and Innovation (ICITRI)

Wed 9/21/2022 5:47 PM

Dear Mr. Sulisty Sancoko:

We are pleased to inform you that your paper: #1570844419 entitled 'Ensemble Learning for Sentiment Analysis on Twitter Data Related to Covid-19 Preventions' has been accepted for 2022 **ICITRI**. Some revisions as mentioned in the review results below are required for the final manuscript to be presented in the 2022 **ICITRI**.

Please read the instructions below carefully in regard to the revisions and presentation:

- Preparation of your final manuscript:**
 - The paper should follow the standard IEEE conference templates with A4 or US letter formats that can be found at: http://www.ieee.org/conferences_events/conferences/publishing/templates.html
 - Papers should be written in English with a maximum paper length of six (6) printed pages including figures without incurring any page charges. One additional page is permitted with an overlength page charge of USD100.
 - When preparing the final manuscript, authors should address critical comments/feedback from reviewers.
 - Please note that the accepted papers for publication in IEEE Xplore should have a similarity score of at most 30%.
 - Prior to submission, the final manuscript PDF file must be validated by IEEE PDF eXpress to ensure that it is IEEE Xplore-compliant. Go to <https://ieeepdfexpress.org/> and use conference ID: **56423X** to login into the website. Please note that the deadline for submission at pdf-express is October 5th, 2022.
- Conference registration:**
 - Please note that presenters are required to complete the registration fee no later than October 15th, 2022:
 - Local Fees: Rp. 1.500.000;
 - IEEE Member: USD 100;
 - International Presenter: USD 120;
 - Bank account for Registration Payment:
 - Beneficiary name: Universitas Nusa Mandiri;
 - Bank Name: BTN (Bank Tabungan Negara);
 - Bank Account: 0005101300001997;
 - Swift code : BTANIDJA
 - Use the following transfer description: **ICITRI** 2022_ Participant Name _Paper No EDAS
 - If you have made a payment, confirm your payment by sending the payment evidence including the IEEE member card and student card **) to claim the discount rate to us through ictri@nusamandiri.ac.id and cc to andi.asy@nusamandiri.ac.id for our verification.
- Upload the final manuscript in EDAS:**
 - Authors are required to make sure that the PDF file and the EDAS page of a submitted paper have the same list of authors, title, and abstract (minor wording differences in the abstract are ok).
 - On the EDAS page of your paper, select the "Final Manuscript" button and follow the instructions to upload the PDF file with the final manuscript of your paper that has been previously obtained from PDF eXpress.
 - The deadline for submitting the final manuscript is October 5, 2022.
- Submission of IEEE Copyright:** The IEEE Copyright should be submitted from EDAS. You should go to the EDAS page of your paper, select the "Copyright Form" button and follow the instructions.
- No-show policy:** All authors should be aware that the accepted paper must be presented at the conference to be included in the final proceedings of the conference.

If you require any further information, please do not hesitate to contact us by email. We appreciate your valuable contributions to 2022 **ICITRI** and we look forward to seeing you!

2022 ICITRI 1

Novelty/Originality: Rate the novelty and originality of the ideas or results presented in the paper

The ideas and the discussions are interesting to a limited degree (2)

Argumentation and discussion: Rate the strength of arguments and discussions in explaining research finding and connection with original research question.

poor discussion and the conclusion is supported to a limited degree (2)

Clarity: Rate the clarity of the presentation regarding research question/problem and the relevance of the literature overview

The presentation is clear to a limited degree and it has limited relation to the literature review (2)

Quality of the manuscript: Overall Quality of the manuscript

fair (3)

Comments: Comments to the authors

- Novelty and contribution of this paper need to be more specific; the implication of study result should be explained; compare to previous study also need to elaborate.
- Structure of the paper is generally very poor; should be repair using the standard template.
- Authors should briefly describe the testing scenario before explaining the results because there are some different graphics presented there but the context are not yet explained.
- Add a discussion on the results of the experiment, for example by comparison with the experimental results of other experiments using other methods
- Every figure and table should have a detailed explanation because not everyone can understand the pictures and tables that you present.

Relevance and timeliness: Relevance and timeliness: Rate the importance and timeliness of the topic addressed in the paper within its area of research.

Acceptable (2)

2022 ICITRI 2

Novelty/Originality: Rate the novelty and originality of the ideas or results presented in the paper

The ideas are very interesting and the authors show great knowledge on the subjects (5)

Argumentation and discussion: Rate the strength of arguments and discussions in explaining research finding and connection with original research question.

Excellent discussion and the conclusion is well supported (5)

Clarity: Rate the clarity of the presentation regarding research question/problem and the relevance of the literature overview

The presentation is very clear and clearly related to literature review (5)

Quality of the manuscript: Overall Quality of the manuscript

excellent (5)

Comments: Comments to the authors

This paper did experimental analysis between several models; Naive Bayes, C4.5, kNN and Ensemble to evaluate using feature selection. It is a good work and effort from the authors. Well done!

Relevance and timeliness: Relevance and timeliness: Rate the importance and timeliness of the topic addressed in the paper within its area of research.

Excellent (4)
