**SMARTPHONE BRANDPURCHASE DECISIONS IN YOGYAKARTA
REGION: THE INFLUENCE OF CORPORATE REPUTATION AND
COUNTRY OF ORIGIN WITH BRAND IMAGE AS A MEDIATING**

Lala Dwi Agusman

Abstract

This research aims to analyze the influence of corporate reputation and country of origin on purchase decisions, with brand image as the mediating variable. The study collected primary data through the distribution of questionnaires that have been tested for validity and reliability. The research used purposive sampling method with a sample size of 110. Data analysis methods included classic assumption tests, path analysis regression, Sobel test, and hypothesis testing. The results show that corporate reputation and country of origin have a positive and significant influence on brand image. Corporate reputation and brand image have a positive but not significant influence on purchase decisions. Country of origin has a positive and significant influence on purchase decisions. Brand image fully mediates the influence of corporate reputation on purchase decisions. Brand image partially mediates the influence of country of origin on purchase decisions.
