This is research about hyperbole expressions in The Weeknd's songs. The objective of this research is to discover the types of hyperbole and the most dominant type in The Weeknd's songs. This research is conducted by using the descriptive qualitative method. To collect the data, the researcher applied transcription and note-taking techniques. The researcher used Claridge's theory for types of hyperbole. The researcher found six types of hyperbole in The Weeknd's songs. There are single word hyperbole, phrasal hyperbole, clausal hyperbole, numerical hyperbole, comparison, and repetition. The result of the hyperbole type such as single word hyperbole with 15 data or 25%, phrasal hyperbole with 11 data or 18%, clausal hyperbole with 25 data or 42%, numerical hyperbole with 5 data or 8%, comparison with 1 data or 2%, and repetition is 3 data or 5%. The most dominant type of hyperbole in The Weeknd's song lyrics is the clausal hyperbole.

Keywords: hyperbole, songs, The Weeknd, types of hyperbole.
