This study aims to explore the journey of individuation undertaken by Enola Holmes after the loss of her mother, a central theme in the novel *The Case of the Missing Marquess* by Nancy Springer. This study identifies two main focuses: a) The stages of individuation experienced by Enola Holmes in the novel “The Case of the Missing Marquess” and b) How these stages of individuation help Enola Holmes find her self-meaning. This study employs two main theories: Objective Theory to understand Enola’s actions and attitudes as depicted in the novel, and Carl Gustav Jung’s Individuation Theory to analyze Enola’s individuation process. This research is qualitative descriptive, with the novel *The Case of the Missing Marquess* as the primary data source. The findings show that Enola Holmes goes through six stages of individuation in her search for self-meaning: a) Undifferentiated Whole, b) Inflation, c) Alienation, d) The Collective Man, e) Integration, and f) Individuation. By applying Individuation Theory and analyzing Enola’s behaviors and actions in the novel, these six stages are identified and analyzed to provide a deeper understanding of Enola’s journey in finding her self-meaning..

Penelitian ini bertujuan untuk mengeksplorasi perjalanan individuasi yang dialami oleh Enola Holmes setelah kehilangan ibunya, yang merupakan tema sentral dalam novel *The Case of the Missing Marquess* karya Nancy Springer. Penelitian ini mengidentifikasi dua fokus utama: a) Tahapan individuasi apa yang dialami oleh Enola Holmes dalam novel “*The Case of the Missing Marquess*” dan b) Bagaimana tahapan-tahapan individuasi tersebut membantu Enola Holmes menemukan makna dirinya. Penelitian ini menggunakan dua teori utama: Teori Objektif untuk memahami tindakan dan sikap Enola sebagaimana digambarkan dalam novel, dan Teori Individuasi dari Carl Gustav Jung untuk menganalisis proses individuasi Enola. Penelitian ini bersifat deskriptif kualitatif, dengan novel *The Case of the Missing Marquess* sebagai sumber data utama. Temuan penelitian menunjukkan bahwa Enola Holmes melalui enam tahapan individuasi dalam pencarian makna diri: a) Kesatuan yang Tak Terdiferensiasi, b) Inflasi, c) Alienasi, d) Manusia Kolektif, e) Integrasi, dan f) Individuasi. Melalui penerapan Teori Individuasi dan analisis terhadap perilaku serta tindakan Enola dalam novel, keenam tahapan ini diidentifikasi dan dianalisis untuk memberikan pemahaman yang lebih dalam tentang perjalanan Enola dalam menemukan makna dirinya..
