Abstract

This study aims to analyze the influence of organizational culture and work discipline on employee performance, with job satisfaction serving as an intervening variable at PT Pos Indonesia Yogyakarta. A quantitative approach was employed, utilizing a survey method. Non-probability sampling techniques were used to select samples based on specific criteria relevant to the research objectives. A questionnaire collected data from 101 individuals at PT Pos Indonesia Yogyakarta. Data analysis was conducted using outer model, inner model, and mediation testing techniques to evaluate the research hypotheses, employing SmartPLS software version 4.1.0.9 for Windows. The results indicate that organizational culture, work discipline, and positive job satisfaction significantly influence employee performance at PT Pos Indonesia Yogyakarta. Furthermore, organizational culture and work discipline substantially enhance performance through job satisfaction, with positive contributions of 0.091 and 0.173, respectively.

Keywords: *Organizational Culture, Work Discipline, Performance, Job Satisfaction*
