ABSTRACT

PT. Tunas Merapi Pariwisata is one of the companies engaged in the service sector in the form of tourist bus rental located in Wonogiri. Every day PT. Tunas Merapi Tourism serves several tourist bus rentals. Due to the rapid development of technology, PT. Tunas Merapi Pariwisata requires a computerized system. Because with a computerized system, bus rental services will make it easier for users and the company. One of them is a rental service using a web-based system equipped with several features such as online payments, discounts, displaying bus fleets that are ready to be rented complete with a description of fleet facilities, as well as making reports equipped with filters as needed. This web-based tourism bus rental service is expected to make it easier for customers to rent tour buses and make it easier for administrators to make reports for each period.
